

# Wide Angle 4K ePTZ with IP Streaming

AW-UE4

The AW-UE4 electronic PTZ Camera supports up to 4K/30P video output

## KEY FEATURES

- Ultra wide-angle lens with 111° field of view
- Supports up to 4K/30p video output
- Video output via 3 interfaces, including HDMI, LAN & USB
- Supports PoE or USB power options
- AW-UE4K (black) / AW-UE4W (white) 4K electronic Remote Camera

Panasonic Business is a Barco ClickShare Alliance Partner and the AW-UE4 is certified as ['Compatible with ClickShare Conference'](#).

Compact 4K ePTZ Camera for up to 4K 30p high quality video output. Equipped with an ultra-wide-angle lens with a 111° field of view and capable of video output with three interfaces, HDMI, LAN and USB. The AW-UE4 is ideal for spaces both large and small, with a wide-angle of view perfect for huddle spaces or e-sports production.

Equipped with an ultra-wide-angle lens with a 111° field of view to capture every part of even the largest spaces and transmit wide-angle video in limited installation space.

Download the PTZ Angle of View & Object Distance calculator

The unit supports PoE\* supply as well as used as a USB camera that can be powered from a computer, realizing a single cable solution for video transmission, camera control and power supply.

Furthermore, the unit boasts high-performance operability through RTMP (Real-Time Messaging Protocol) compatibility for direct upload of video to live-streaming services, and is also excellent for live production. The camera handles both large and small spaces thanks to 4K high image quality and wide-angle video output that's perfect for recording everything from lectures and meetings to e-Sports production.

\*: PoE is the abbreviation for Power over Ethernet.
